NEW & IMPROVED!

- This button locks a recorded voice until you want to record over it. ("I Love You's" from GrandMa, or reminders to brush your teeth ...)

HELLO?

- Close the lid for a while. The phone will ring! Answer the call, and hear the phone play either your recorded message, a dial tone, or a busy signal.
- If you don't answer the phone when it rings, it will automatically shut off. Peace and quiet.

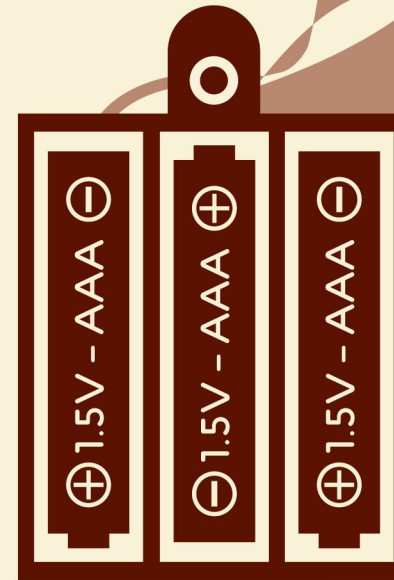

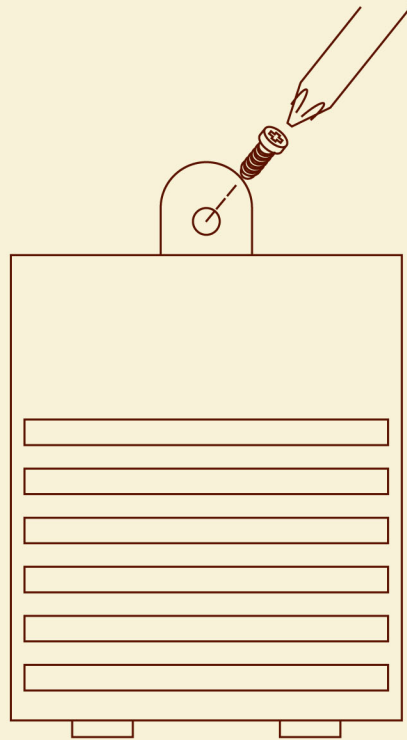

FUNCTIONS
